MAKEUP

The Classic

14500

The Diva

16500

This session is exclusively created to ensure that you get the perfect look with usage of all high-end professional products. It is the basic bridal session chosen for those brides who have flawless skin and for those whom technical aspects of contouring and camouflaging are not required. Hairstyling and sari draping services are included.

Airbrush Makeup

23000

This session involves the use of an air brush kit, where the makeup is sprayed as a fine mist on the skin through the airbrush gun. The result is a natural, non-heavy and smudge-free makeup which can last upto 10 hours. The session also includes hairstyling and sari draping services.
